ROYAL BOROUGH OF GREENWICH, LONDON

AN OVERVIEW OF WATERFRONT

*With extensive river frontage, impressive city views,
a new landscaped central park and unrivalled travel
connections, the stunning new Waterfront development at
Royal Arsenal Riverside is at the heart of London living
and opens up a world of choice.*

“Waterfront at Royal Arsenal Riverside seamlessly connects the existing community and open spaces into a new, vibrant neighbourhood within Woolwich.”

*Bob Allies, Managing Partner and Miles Leigh, Director
Allies and Morrison*

DESIGNED FOR YOU BY ALLIES AND MORRISON

“

The mixture of rich historical heritage and the open expanse of the Thames, with its associated river traffic and relaxed recreational activity, make Waterfront at Royal Arsenal Riverside a unique London location.

The buildings are perpendicular to the waterfront to maximise views to the river, as well as creating a new ‘green link’ connecting central Woolwich to the Thames. Our architectural designs are inspired by the historic Royal Arsenal buildings which have a strong, robust masonry character, reflective of its military past.

These open plan apartments respond to modern home life, giving a greater sense of open space. The designs have a human scale and a material quality, so that they are both new and familiar at the same time.

”

*Bob Allies, Managing Partner
and Miles Leigh, Director
Allies and Morrison*

*A unique location within the
Royal Borough of Greenwich, with
far reaching river views over the city.*

GREEN SPACES

Linked by an avenue of trees leading purposefully down to the river, and enriched with feature lighting throughout, the new four acre park at Royal Arsenal Riverside has space for everyone to enjoy.

“It’s about the essence of the site so our design cues come from the history of the Arsenal, and linkage with the town and the Thames.”

*Steve Wardell, Managing Partner
Gillespies*

CREATING A GREEN EXTENSION TO WOOLWICH

“

Our biggest design influence has been the river itself, which really is at the heart of this scheme. Creating freedom of movement and connectivity between Woolwich town and the Thames are key parts of the final landscape design.

The park gathers together a series of strands that meet and move towards the water’s edge. Cascading water passes through the heart of the park, with its rich and diverse planting, achieving a variety of spaces for informal play, to engage with the water or simply to enjoy the journey down to the river.

The series of joined spaces ensures an enduring connectivity with the historic Arsenal, adjacent transport links and the town centre itself.

”

*Steve Wardell, Managing Partner
Gillespies*

TRANQUILITY WITHIN

From tree-lined avenues, to meadows and parkland, the open spaces joining the entrance Piazza to the River Thames capture it all.

With impressive vistas down to the river and plenty of seating along the way, there are endless opportunities to relax with a drink, picnic on the lawn or dip your toes in a refreshing pool of water.

STRAIGHT FROM THE SOURCE

Choose to spend your time in quiet contemplation or experience the thrill of cascading waterfalls.

Taking inspiration from naturally occurring water features, we follow the water's progress from its source at the entrance Piazza, through the babbling brook in the sensory garden, along the smooth river run with interactive water jets and bridges. Journey on through the terraced water cascades and finally, down to the tranquility of the waterfront pool.

BEAUTIFULLY CRAFTED INTERIORS

*Interiors at Waterfront are contemporary,
blending light tiles and textured wood
finishes with a muted colour palette and highly
reflective surfaces, reminiscent of luxury
yachts on the water.*

“When we work with Berkeley there is a strong emphasis on quality of design, quality of materials and quality of detailing.”

*David Ferns, Managing Director
CID Interieurs*

TALENTED INTERIOR DESIGN TEAM

“

It is very important for us to understand our purchasers from the outset - where they work, shop and relax. In this way we are able to create an apartment which appeals to all their senses.

Every project is unique and tailored to the site context which, in this case, was influenced by the impressive waterside location. Our vision for Waterfront is a seamless transition between the exterior architectural style and the simple but elegant interior spaces.

We took the architect's concept of verticality and repeated this in the design detailing of the kitchens, bathrooms and internal doors to build a connection with the building's exterior.

We use open plan layouts to maintain the impressive river vistas, with simple, monolithic forms and textured materials to maximise space and natural light. The bathrooms really show how these concepts translate into simple forms, contrasting textures and lighting.

”

*David Ferns, Managing Director
CID Interieurs*

Spacious living areas with impressive river views; a chic London home in the heart of Royal Arsenal Riverside.

Individually designed layouts, mirrored detailing and warm timber finishes create the perfect combination of form and function.

Thoughtful layouts, mirrored sliding wardrobes and sumptuous carpeting ensures a harmonious, light-filled space in which to relax.

Luxurious finishes mean that the bathrooms are the ideal space to relax and unwind.
